

Emilio Esteban

Industrial Designer

Experience

Brand designer

Sugar Dump

May 2020 - Present Toronto, ON

- Consult with the owner and communicate updates, clarifications, and changes on a consistent basis.
- Create graphics for the logo, social media material, and business cards.
- Provide perspective and assistance in exploring and making decisions in regard to branding and identity

Industrial design Intern

Lagatos

June 2020 - August 2020 Boston, MA

- Worked closely with design leads to conduct and draw insight from user research
- Generate 3D renderings of product
- Developed wireframes and visual interfaces
- Create graphics and layouts for the company logo, social media/marketing, and business presentations.

Strengths

Team Oriented

My team experience stems from my time as a student at OcadU, an intern and creative director/member of a semi-professional dance team. Learning the personalities, strengths and goals of my team members are key to the way I approach team work and culture. I strongly value common ground when working with/ for others.
